

Pictures of the Mystery Trip in April

Surprise is what the faces looked like on the latest mystery trip. We visited a longhorn ranch and stood in the midst of a herd of longhorns—and some of those horns were really long. Afterward we saw donkeys and Tennessee Walkers. We enjoyed lunch at the Longhorn Grill in Whitesboro. Later, we stopped at the training site of barrel racing horses. We did make a short stop at the Old World Meat Market to pick a little more cow to take home. What a day!

This donkey is over 80 years old.

Wait till you see where we go next year. Do you think Steve can keep a secret?
